## Teacher Induction – California Clear Credential (University Mentor Track)

Over two academic years, candidates engage in a CTC-approved individualized, job-embedded system of mentoring, support, and professional learning, which becomes a vehicle for the growth and self-reflection required of successful teachers in our state’s increasingly diverse classrooms. If you do not have a potential Induction Site-Based Mentor at your school, for a fee, the university will match you with a mentor based on the credential you are clearing. That fee will be represented by way of your enrollment in Teacher Induction Mentor Support A, B, C and D.

The curriculum consists of an introduction course, four core courses, and four mentor support sections. Candidates with two or more years of successful teaching performance at a United States public school may qualify for the Early Completion Option.

**Format:** 100% Online

**Duration:** 2 years
